Charles Plant

where to go from here

I have been taking pictures since 2008. Each year there are few images that I always thought would look good as prints. Face it, I am an artist and I want people to see my work hanging on the walls of the Louvre, no different than any other artist. But the problem became how to do it. I have done the occasional print here and there but nothing on a regular basis. I have also printed photo books for family and friends but these were usually gifts, and because of the high quality I wanted, they tended to be expensive.

So I thought it was about time that I put together a catalogue of my favourite images and offer prints for sale. Each image would be done by a local professional printing company and have a reinforced back to help protect it and make framing easier. The back of each print would also be labeled and signed by yours truly. So take a look and see if there is anything you would like for your mantle, bedroom, hallway, living room, office, man-cave or she-shack!

Collages

A unique way to put a number of images together in one print.

This is a very special way to display your selection. You select the images you would like to see together, and I will custom make you a collage. The print will be one of a kind because your selection will be yours and yours alone. The print can be hung as it is using fasteners, or you can have it framed.

Pricing of the collages varies and will be priced based on the number of images and the overall size of the print.

For example a 16" x 20" print with 6 images would be about \$300.00.

PRICING ON ALL IMAGES

All images are printed on a high quality paper and mounted on a black smooth mount to give the print added rigidity for framing purposes. I will personally inspect each image. When I am satisfied with the quality, it will be labelled and signed on the back. My signature watermark will not appear on the front of your print as is shown in the catalogue images.

Some of my images are cropped in unique sizes as an artistic choice. This makes finding standard frames very difficult, so custom framing may be necessary. Safe to say framing is not included. I would be willing to change the crop of an image for an additional fee of \$50.00.

Orders can be picked up at my home in Dartmouth NS, or I can deliver them for free within the greater Halifax/Dartmouth area on orders over \$100. Shipping can be arranged at an extra cost (prices vary depending on size and weight). Damage during shipping is always a possibility and all reasonable effort will be done to protect your image, but I am not responsible for damage during shipping.

Sizes	Price
up to 6" x 8"	\$30.00
up to 8" x 12"	\$45.00
up to 12" x 18"	\$90.00
up to 16" x 20"	\$150.00
up to 24" x 36"	\$350.00
up to 36" x 48"	\$650.00

Collages

Custom collages are priced individually and will based on the size of the print and the number of images. The print size prices above can be used as an estimate with an additional charge of \$25/image.
